Updating equipment in our busy hire department means that there is always second hand equipment for sale. Below is a list of our current ex hire stock for sale. Equipment is sold as per the description, fully tested and working with a current electrical safety test and a 30 day warranty. If equipment is faulty or non working, we are happy to discuss the faults and explain exactly what is wrong with them. Please email info@enlx.co.uk or call 01179 727 123 for more information and availability.
